WORDPAD INTRODUCTION

WordPad ek basic word processing software hai jo Microsoft Windows ke saath aata hai. Ye Notepad se zyada powerful aur MS Word se simple hota hai. Iska use text likhne, edit karne aur formatting karne ke liye hota hai.

Main Features

- Text likh sakte hain aur edit kar sakte hain.
- Font style, size aur color change kar sakte hain.
- Bold, Italic, Underline use kar sakte hain.
- Paragraph alignment set kar sakte hain.
- Image insert kar sakte hain.
- Document print kar sakte hain.

Uses

- Letters likhne ke liye
- Notes aur documents banane ke liye
- Resume banane ke liye
- Simple project file banane ke liye
- Image ke saath text document banane ke liye

Advantages

- Use karna easy hai.
- Notepad se zyada features deta hai.
- Windows me free milta hai.
- Simple document ke liye best hai.

Limitations

- MS Word jitne advanced features nahi hote.
- Tables aur professional designing limited hoti hai.
